e-news summer 2005-2006

my word

Sound Travels was fortunate to handle the travel on the successful New Zealand feature film, 'World's Fastest Indian' which is currently playing in theatres. It was a pleasure and a privilege to work with such a fantastic bunch in the production office! For those of you who haven't experienced the movie yet, [click here](#) to check out the film's trailer! Definitely a must see movie...

news

Advance Passenger information for the United States

US legislation has required all commercial air carriers operating into and out of the United States to electronically transmit Advanced Passenger Information (API) on all passengers, to United States Customs and Border Protection.

Most of the information is collected from your passports at the time of check-in, but in addition, an address in the USA must be advised (including street number, street name, city, state and zip code). So, unless we are making hotel reservations for you we will need to get this information from you (ie if staying with friends/family etc) – or you will be asked for this information at check-in which will make it a longer than usual process.

Also, don't forget that passports must be electronic or machine readable. If your passport starts with the letter X, L, N, F, AA or AB you're fine. If your passport starts with the letter J or M, your passport will not allow entry into the USA!!

something 2 think about

Private Air Charter – something out of the ordinary

Have you ever considered a private air charter day or over-night trip to some of New Zealand's fantastic luxury lodges or wineries? Maybe now may be a good time to plan any incentive trips, client hosting or special interest trips.

How about an indulgent weekend away or romantic treat for someone at **Kauri Cliffs or Eagles Nest** in the **Bay of Islands** or stay at the luxurious **Boatshed** on **Waiheke Island**.

We have access to great rates so let me put together some suggestions together for you!

featured destination[s]
